Hans Bagner to focus on assignments as arbitrator

Frank, the Swedish boutique specialising in Dispute Resolution and Media, IT & Telecom, has during its recent years of collaboration with Hans Bagner strengthened its position in international dispute resolution. At the turn of the year, Mr Bagner will move on to primarily focus on work as arbitrator, acting under a different trade name.

'The collaboration with Hans has been extremely successful. It has been decisive for Frank's strong development in the area of international dispute resolution during the last few years. We have jointly built a good starting position for the firm's continued presence on the international scene', says managing partner Kristoffer Persson. 'We have really appreciated the collaboration with Hans. He has exceptional experience, a unique network and stamina that is hard to match. It will be exciting to follow his continued practice as an arbitrator.'

'I have had the pleasure to work with Frank during two most eventful years. I hope and believe that I have been able to contribute to Frank becoming an established and well-known dispute resolution practice and I am certain that Frank will in the future reinforce its position as a leading Swedish niche firm', says Hans Bagner.
